Sports Director
Radio Station WPRU

Dear Lefty:

Well, here it is, and I'm forced to make some apologies. This was recorded in a mad rush with not the proper preparation for good recording and good production. The cause of this was that we had our regular interview show which was fed to WINHC here in town tonight, and that was very closely followed by this EF, with two other players involved. It was a mad rat-race, not in the suave form which we like to display.

As for the actual quality of the recording, in my opinion it is of broadcast standards, but by the skin of its teeth.

My humble apologies for not having the time to set this up as well as we did for Dartmouth.

On top of all that, the timing is poor. You will find the times of each side of the enclosed cue sheet. The program is set up so that you will put a commercial in the middle, and during that commercial the engineer will have time to flip and cue the transcription.

I'll see you Friday or Saturday morning. I'm meeting some guys at Cannon at ten Friday night, but from there nobody knows.

Cordially yours,

Howard Eaton, Jr.
Ass't. Program Director
